Made from WRH's exclusive Teflon®/PP formulation - Our ultimate high impact, non-stick, easy-to-clean surface. Improved design features:

- **Unique design features - Improved handling performance**
 - Inter-stacks with most sheet pans **up to 30% lighter than competition**
 - **Guaranteed not to chip or crack.** Resists scuffs/rack rail blackening.
 - Stacking lugs allow air-flow drying and eliminate twisting when stacked
 - **Recessed handholds eliminate jamming.**
- **Cleaning - Stain-resistant, fast washing,** impervious to most sanitation chemicals and chlorine. Withstands 180F sanitizing rinse or steam sanitation.
- **Safety - Contains NO fiberglass filaments.**
 - **Ends employee injury caused by broken trays and open glass fiber** cuts, lacerations, scrapes, skin irritations, rashes, swelling, edema, allergic reactions, and lost time injuries.
 - **Stops glass fiber and resin contaminated foods,** contamination recalls and the threat of mouth and alimentary irritations.
- **Sanitation - A pure closed-cell thermoplastic made without lamination**
 - **Eliminates "black corners,"** the porous open fiber "wounds" found along impact zones that, when contaminated with food deposits, can support black algae, viral, nematode, fungal and bacterial growth.
 - **NSF/CE/FDA/USDA compliant** design and material are safe and internationally accepted for direct food contact.
- **Economical - LOWER COSTS THAN ANY COMPETITION!**
- **Backed by our unprecedented 5 YEAR BREAKAGE WARRANTY.** This custom formulated, extremely wear-resistant and self-lubricating material is guaranteed not to crack, chip or delaminate - even on the corners!
